TEN YEARS.

Those first ten years began with a boldly focused vision: build premium, hard-use knives that would be unmatched in quality and performance.

Simple? Hardly. Because we also challenged ourselves to use new materials, techniques, and technologies that were rarely found in production knifemaking. It was a risk. But that's what makes life exciting.

Many of you got excited, too. You paid our products compliments, calling them "real beasts" and "overbuilt." Better yet, you bought them. Even more important, you used them—taking them into the field with you or making them your trusted EDC.

Now we're readying for the next ten years.

New materials are inspiring new designs. Your response to our products is telling us what you want. And we are building it. There are fewer military-style knives, though ZT will always support those who serve. But we now offer more refined models as well, EDC-perfect and even suit-worthy. And every one of them continues to be proudly overbuilt.

Here's to the next ten years—and the next challenge.

ZERO TOLERANCE KNIVES

DESIGN WITH PURPOSE

In ZT-world, we believe that design has a specific purpose. Always. The purpose is function. Always. So we pay attention to the ergos. Our designers bring real-world experience to their designs. Because we believe a knife shouldn't just be pocket jewelry. A knife is a tool. It's meant to be used. And if it happens to look particularly incredible while doing it, that's no accident either.

0220

NEW

STEEL	S35VN, STONEWASHED FINISH
HANDLE	TITANIUM, BEAD BLAST FINISH

- **KVT BALL-BEARING OPENING SYSTEM**
- **TITANIUM FRAME LOCK, HARDENED STEEL LOCKBAR INSERT**
- **REVERSIBLE DEEP-CARRY CLIP, LEFT/RIGHT, TIP-UP**
- **CUSTOM ALUMINUM BACKSPACER WITH BUILT-IN LANYARD ATTACHMENT**

Zero Tolerance and custom knifemaker Jens Anso have teamed up to create the ZT 0220. It's a sleek, practical design with custom touches that make it a must-have addition to any knife enthusiast's collection. Case in point: the custom aluminum backspacer. Not only is it anodized in eye-catching orange, but it also has a built-in lanyard attachment. Premium blade steel, titanium handles, and a ZT medallion on the handle make this one exceptionally want-worthy.

HANDLE	TITANIUM, STONEWASHED FINISH

- **KVT BALL-BEARING OPENING SYSTEM**
- **TITANIUM FRAME LOCK, HARDENED STEEL LOCKBAR INSERT**
- **REVERSIBLE DEEP-CARRY CLIP, LEFT/RIGHT, TIP-UP**

So which folder will it be today? Easy call. This one. Designed by custom knifemaker Les George, this is a pocketful of compact power. With a blade of less than 3 inches, this one is easy to take along almost anywhere. S35VN stainless makes the blade tough and chip resistant and enables ZT to sharpen it to a razor edge. Titanium handles make the 0900 sleek and handsome. Our KVT ball-bearing system means easy opening. No springs involved—just pure, beautiful blade precision.

0801

When others are relying on you, you need a tool you can rely on. Like the ZT 0801. S35VN stainless steel enables the blade to take and hold an incredible edge. Strong, lightweight titanium handles are machined for a secure grip. A sturdy frame lock ensures secure blade lock up. One-handed opening is reliably easy with our glass-smooth KVT ball-bearing opening system. The discreet, deep-carry pocketclip is reversible for left- or right-handed carry. Choose our stonewashed or BlackWash finish. Either way, you can count on strength, reliability, and an unmistakable look.

- **TITANIUM FRAME LOCK, HARDENED STEEL LOCKBAR INSERT**
- **REVERSIBLE CLIP, LEFT/RIGHT, TIP-UP**
- **CUSTOM BLUE BACKSPACER, ALUMINUM CLIP, AND PIVOT HARDWARE**

The 0456 looks refined enough for the office, but also has all the tough, versatile cutting power you'll need when your adventures take you elsewhere. Based on a Dmitry Sinkevich custom knife, the ZT 0456 has the blade shape and rayed handle contours of one of Dmitry's most popular custom knives. The CTS-204P blade has a handsome two-tone finish. The 0456 also features a custom aluminum backspacer, clip, and pivot hardware—all in brilliant blue.

0452CF

STEEL	S35VN, STONEWASHED & MACHINE SATIN FINISH
HANDLE	CARBON FIBER FRONT, TITANIUM BACK, STONEWASHED FINISH

- **STREAMLINED VERSION OF THE AWARD-WINNING 0454**
- **KVT BALL-BEARING OPENING SYSTEM**
- **TITANIUM FRAME LOCK, HARDENED STEEL LOCKBAR INSERT**
- **REVERSIBLE, DEEP-CARRY CLIP, TIP-UP**

Here's technology every bit as vital as your cellphone: your every day carrying knife. Open a package, section an apple, solve a coworker's cardboard box problem, and look badass doing it with the 0452CF. The tech here is advanced-formula steel and our KVT opening system. The powdered steel is extremely fine-grained so it can be sharpened to a razor edge. Added niobium and nitrogen helps it resist chipping. Caged ball bearings in the KVT system make the blade smooth and easy to open.

- **KVT BALL-BEARING OPENING SYSTEM**
- **TITANIUM FRAME LOCK, HARDENED STEEL LOCKBAR INSERT**
- **REVERSIBLE CLIP, LEFT/RIGHT, TIP-UP**
- **CUSTOM TUBE SPACERS**

A compact version of an award-winning ZT-Dmitry Sinkevich design, the 0450 is right for office, outdoors—or wherever your adventures take you. It features premium materials and looks that will draw admiring glances. The S35VN powdered metallurgy blade offers a razor edge and easy re-sharpening. The knife opens smooth as butter with our KVT ball-bearing opening system. The lightweight-yet-strong titanium handles give the 0450 a sleek look and provide a sturdy titanium frame lock.

- **KVT BALL-BEARING OPENING SYSTEM**
- **TITANIUM FRAME LOCK, HARDENED STEEL LOCKBAR INSERT**
- **REVERSIBLE CLIP, LEFT/RIGHT, TIP-UP**
- **CUSTOM TUBE SPACERS**

The Zero Tolerance 0450CF has a dark, sophisticated look. It features a stronger-than-steel carbon fiber front handle and black Diamond-Like Carbon (DLC) coating on its S35VN blade. This smaller, gentlemanly ZT opens simply with ZT's KVT ball-bearing opening. Yet there is one thing that's a bit less subtle about the 0450CF: the two emerald green, custom-machined and anodized aluminum tube spacers that add a touch of "wow" to this new ZT.

ZERO TOLERANCE KNIVES

WE SWEAT THE DETAILS

We believe the details of a knife deserve as much attention as its overall concept. So we make sure we leave no opportunity for precision go untaken. Pocketclips, for instance. Many ZTs feature custom clips, designed and built just for that particular knife. Hardware, like pivots and tube spacers, are top-of-the-line or custom. Then there's the "fit and finish"—how the pieces of the knife fit together with precision. When you hold a knife with excellent fit and finish, you know it. And if you look at the brand, it's going to be a ZT.

"Virtue is bold, and goodness never fearful."

— William Shakespeare, *author*

0350

How many 0350s can a guy reasonably own? As many as it takes. This perfect knife comes in many variations because you asked for it. BlackWash? Yes. Stonewashed blade? Yes. Serrated and plain edge? Yes and yes. Each 0350 features a razor-sharp blade of S30V stainless steel for extreme durability, corrosion resistance, and wear resistance. SpeedSafe assisted opening and the 0350's built-in flipper make it fast and easy to open—even one-handed, even in work gloves. Blade lock up is secure thanks to a sturdy locking liner. Carrying the 0350 is versatile, too. With ZT's quad-mount system, you can carry tip-up, tip-down, left- or right-handed. It's your 0350, your way, your choice.

HANDLE	TEXTURED G-10

- **KVT BALL-BEARING OPENING SYSTEM**
- **SECURE LINER LOCK**
- **EXTRA-THICK LINERS**
- **REVERSIBLE DEEP-CARRY CLIP, LEFT/RIGHT, TIP-UP**

The Zero Tolerance 0909 is based on Les George's Talos, yet has its deep roots in his FM-1, Les' very first design. The 0909 focuses on "radial design elements." You can see it in the curved index finger contour, the machined scoops at mid-handle, and the deep arc leading to the blade tip. G-10 handle scales reduce weight and increase gripping surface. Rigidity is maintained with the extra-thick liners. The 0909 is a proudly overbuilt ZT, designed for hard duty.

0562

So maybe you don't spend all your free time in the woods. Maybe the city is your kind of adventure. Then maybe this is the ZT for you. It's got the Rick Hinderer custom "slicer" grind to easily take on any cutting task. It's got a high-performance S35VN or CTS-204P powdered steel blade and a carbon fiber or G-10 front scale that not only helps reduce the knife's weight in your pocket, but looks good doing it. Opening is simple and easy with our ultra-smooth KVT ball-bearing opening system. To ensure secure use, we built it with a frame lock with hardened steel lockbar insert and lockbar stabilization. The unique pocketclip is reversible and enables extra-deep carry. And, of course, it's got ZT's famous overbuilt construction.

- **KVT BALL-BEARING OPENING SYSTEM**
- **SPECIAL HINDERER "SLICER" BLADE GRIND**
- **REVERSIBLE CLIP, LEFT/RIGHT**
- **DEEP CARRY CLIP, TIP-UP**
- **FRAME LOCK, HARDENED STEEL LOCKBAR INSERT, LOCKBAR STABILIZER**

ZERO TOLERANCE KNIVES

PREMIUM MATERIALS

Premium materials define ZT. We don't do cheap. You shouldn't either. For the all-important blade, we turn to high-performance steels like CTS-204P, S30V, and S35VN. For handles, it's titanium, G-10, and carbon fiber. Top-shelf materials like these, combined with ZT's precision fit and finish, have helped us cement our overbuilt reputation.

[0620]

Living ready is what you do. No excuses necessary, none given. The 0620 and 0620CF, from Zero Tolerance and Emerson, were born ready. Thanks to the famous Emerson “wave shaped opening feature,” they even come out of your pocket ready. The “wave shaped feature” is designed so that as you withdraw the knife from your pocket, the curved wave hooks on the edge of your pocket and pulls the blade open. Once fully withdrawn, it’s fully ready for use. The blade is a modified tanto style that locks securely into place with a frame lock with hardened steel insert. Choose coated or uncoated blade, G-10 or carbon fiber front scale.

- **“WAVE SHAPED OPENING FEATURE”**
- **THUMB DISK FOR MANUAL OPENING**

STEEL CHART

Crucible CPM S30V

All-around premium knife steel that takes and holds an edge extremely well; also extremely tough and wear resistant.

CTS-204P

This powder metallurgy steel is highly wear and corrosion resistant thanks to high vanadium and chromium in the alloy. The powdered steel-making process results in fine-grained steel that is cleaner and tougher than conventionally produced steel. The blend is highly corrosion resistant and can be easily polished. Carpenter® made this steel specifically for high-performance applications, including custom knives.

Crucible CPM S35VN

A stainless steel that offers enhanced toughness over S30V without loss of wear resistance. In knife blades, S35VN resists edge chipping and provides excellent edge retention.

Uddeholm Vanadis 4 Extra

This super-clean, powdered tool steel offers an excellent combination of wear resistance and strength. It is very tough, impact and shock resistant and is an excellent steel for hard-use applications. Since this steel is non-stainless, ZT adds coating for extra protection.

STEEL	CARBON	CHROMIUM	COBALT	MANGANESE	MOLYBDENUM	NICKEL	NITROGEN	PHOSPHORUS	SILICON	SULPHUR	TUNGSTEN	VANADIUM	HRC
CPM S30V	1.45 %	14.0 %	-	-	2.0 %	-	0.2 %	-	-	-	-	4.0 %	57-59
CTS-204P	1.9 %	20.0 %	-	0.35 %	1.0 %	-	-	-	0.6 %	-	0.65 %	4 %	60-62

LIMITED LIFETIME WARRANTY

All Zero Tolerance products from Kai USA Ltd. carry a limited warranty for the lifetime of the original owner, except when stated otherwise. Our products are guaranteed to be free from defects in original material and construction and to perform as advertised when properly used and maintained. Under this warranty, Kai USA Ltd. will repair or replace any product we find to be defective in its original material or construction. This Limited Lifetime Warranty is non-transferable and does not cover normal signs of wear, rust, or damage/breakage due to improper use or maintenance. To receive warranty repair or replacement, the owner must send the product to be evaluated by Kai USA Warranty Services in our Tualatin, Oregon headquarters. In addition to the provisions of this warranty, you may also have other rights that can vary by state. No other warranties are implied or expressed other than what is specifically stated here.

Accidentally broken Zero Tolerance folding knife blades can be replaced for just \$30. Customers should send knives to ZT according to warranty instructions. Please note that ZT cannot replace the blade on fixed blade knives. Knives with XXXX on their blades are factory seconds and are not eligible for repair or replacement. We also cannot replace blades for discontinued knives or Limited Edition knives. ZT blades that have broken due to a manufacturing defect will be replaced under warranty, free of charge, as always.

LIABILITY DISCLAIMER AND WARNING

Zero Tolerance Knives are intended and sold for legitimate sporting and professional purposes only. The purchase, use, and ownership of knives are subject to a wide variety of local laws and regulations. Due to the complexity and constantly changing nature of these laws and regulations, it is the responsibility of the buyer to investigate and comply with the laws and regulations that apply in his or her specific area. You, and not Kai USA Ltd. are solely responsible for any claims resulting from violation of these laws and/or regulations. Any use of these products other than cutting is considered misuse and abuse and Kai USA Ltd. is not responsible for any injuries or damages caused by misuse and/or abuse.

Boldness makes its own choices.

It has no truck with timidity.

Boldness is its own Magellan. It craves experience, lives life on its own terms, and seeks the company of like-minded adventurers. Boldness embraces the new. It refuses to fear what the world may say. Or think. Or dish out.

Boldness is resourceful. Boldness is practical. Boldness is strong. Boldness can be built for hard use. On the other hand, boldness can have the style of a gentleman. It would be something of an understatement to say that boldness has attitude. Boldness is decidedly alpha.

Boldness finds its ideal mate in authenticity. It values intense craftsmanship. It values advanced technology. Boldness knows that form matters, but that function matters more.

Boldness has zero tolerance for anything less than the very best.
